Thank you for joining us at the 9th Annual Butler County Social Services Expo. We hope that you will take a chance to connect, learn and network!

Social service systems can be complex and difficult to navigate. The Butler County Family and Children First Council (FCFC) strives to streamline and disseminate information about the available supports and services in our community. Fiscal year 2020-2021 began in the midst of a global pandemic, but we persisted and provided an extensive amount of training and professional development utilizing virtual platforms. We hosted 40 training events for 2,598 individuals with 28 partner agencies and had an overall satisfaction rating of 98%—actually hosting 6 more events than in the previous year and training nearly 600 more people!

Our council’s mission is to serve as a catalyst for public and private partners to achieve the vision of improved well-being for families and children in Butler County. We work with individuals, families, communities and systems to study data trends & gaps in services and bridge those with collaborations. This year we are:

- Completing the Butler County Needs Assessment with the BCESC, the Health Departments, Job & Family Services, SELF and others!
- Studying issues related to improving services for transition aged youth.
- Strengthening our No Wrong Door initiative and distributing resource cards to connect families with resources.
- Implementing trauma informed care for a more resilient community.
- Serving youth with multi-system involvement & complex needs with high fidelity Wraparound to help their families organize a team of support.
- Hosting free and low-cost trainings with CEUs to address timely topics like cultural humility, equity, drug & alcohol use trends, trauma, resiliency, and how to support youth & families in the COVID-19 context.

We can’t do our work without you! We would love for you to become a council member, serve on a committee, or let us know the ideas that you have to improve the lives of families and children in our community.

Thanks,

Beth Race
