The Parent Project Butler County has adopted the Why Try Program for students. This program helps to answer the question “Why should I try in school?” Why Try uses a series of ten visual metaphors to teach vital social, emotional, and leadership principles. The program’s unique multisensory approach caters to every learning type. The class runs at the same time as the Parent Project and the teen must have a parent in the parenting class to be able to attend.

You choose when:
