Thank you for joining us at the 13th Annual Butler County Social Services Expo. We hope you'll take this opportunity to **connect, learn, and network** with others who share a passion for strengthening our community.

Navigating social service systems can feel overwhelming. The **Butler County Family and Children First Council (FCFC)** is here to help by streamlining information and making resources easier to access. Through **free trainings for new workers, resource cards**, and our **online database**, we aim to grow awareness of the support available across Butler County.

Our mission is simple yet powerful: **to serve as a catalyst for public and private partners to improve the well-being of families and children.** We work alongside individuals, families, communities, and systems to identify trends, close service gaps, and build collaborative solutions.

Over the past year, together we have:

- Assisted **223 youth and families with complex needs**, helping them build teams of support through resource coordination & high-fidelity Wraparound.
- Distributed **25,000+ cards, posters, and window clings** linking people to local resources, and created an **online directory featuring 140 agencies.**
- Hosted **30 training events** with **2,102 participants** and 30+ partner agencies, earning a **97% satisfaction rating.**
- Supported youth prevention efforts to break the cycle of substance use and **build resilience** with help from **SAMHSA grants.**

We can't do this work without you! We invite you to become a council member, join a committee, or share your ideas for improving the lives of families and children in Butler County.

Thanks,

Beth Race
