Thank you for joining us at the 14th Annual Butler County Social Services Resource Expo. We hope you'll take this opportunity to **connect, learn, and network** with others who share a passion for strengthening our community.

Navigating social service systems can feel overwhelming. The **Butler County Family and Children First Council (FCFC)** is here to help by streamlining information and making resources easier to access. Through **free trainings for new workers, resource cards**, and our **online database**, we aim to grow awareness of the support available across Butler County.

Our mission is simple yet powerful: **to serve as a catalyst for public and private partners to improve the well-being of families and children.** We work alongside individuals, families, communities, and systems to identify trends, close service gaps, and build collaborative solutions.

Over the past year, together we have:

- Assisted **220 youth and families with complex needs**, helping them build teams of support through resource coordination & high-fidelity Wraparound.
- Distributed **33,000+ resource cards, posters, and window clings.**
- Hosted **23 training events** with **1,856 participants** and 30+ partner agencies, earning a **98% satisfaction rating.**
- Launched the **W.I.S.H. housing project** with the Butler County Educational Service Center, helping **17 homeless young adults** move into their first apartments.
- Supported **youth prevention efforts** to break the cycle of substance use, build resilience, and increase mental wellness, **reaching 3,881 youth.**

We can't do this work without you! We invite you to become a council member, join a committee, or share your ideas for improving the lives of families and children in Butler County.

Thanks,
